

## **Minutes of the Eleventh Meeting of the Empowered Committee (EMC) of National Horticulture Mission (NHM) held on 24.03.2011.**

### **Preliminary**

The Eleventh meeting of the Empowered Committee (EMC) of National Horticulture Mission (NHM) was to be held under the Chairmanship of Additional Secretary (A&C). However, as he was on official tour, it was held under the Chairmanship of Shri Sanjeev Chopra, Joint Secretary and Mission Director (NHM) on 24.03.2011 to consider the project proposals of the State Horticulture Missions (SHMs) of Andhra Pradesh, Bihar, Gujarat, Goa, Haryana, Chattisgarh, Karnataka, Madhya Pradesh, Maharashtra, Punjab, Rajasthan, Uttar Pradesh, West Bengal, National Level Agencies MANAGE and NHRDF. The list of participants is annexed.

### **Welcome address**

Shri Shailendra Kumar, Director NHM and Member Secretary EMC welcomed the Chairman and Mission Director (NHM) and participants. He gave a brief account of the projects sanctioned under NHM.

### **Opening remarks by Chairman**

JS (NHM) conveyed the good wishes of Chairman EMC and expressed satisfaction over the fact that various types of projects necessary for overall development of horticulture were being sanctioned under NHM. The production of horticulture crops in clusters is increasing rapidly due to the interventions of NHM and States needed to follow up on the outcomes and link infrastructure projects with production and consumption centres.

The States were facing problems in identifying the implementing agencies for implementation of projects which need input supply like protected cultivation, poly houses, planting material/ seed, organic farming adoption/certification and GAP certification. There is need for institutional mechanism for identifying agencies having expertise and resources for these activities. Till the time agencies are identified States should follow a competitive bidding procedure for selection of agencies for execution of projects. States should recommend proposals for approval of Empowered Committee only after clearance of State Level Executive Committee (SLEC).

The Market infrastructure projects including TMC under NHM have been linked to market reforms in the concerned States where APMC Act has been amended as per the model circulated by this Ministry. He exhorted the States to amend the APMC Act and come up with market infrastructure projects including TMC projects.

Representative of APEDA informed that organic farming programmes are being implemented in the country for the last few years which has resulted in lower costs for adoption and certification process due to competition between the agencies. However, states are still proposing projects with maximum limit of subsidy available under NHM scheme. This needs to be streamlined. The representative further informed that APEDA has already accredited agencies for certification of organic farming and GAP standards. APEDA will provide the details of agencies to NHM.

Director NHM informed that these projects were appraised by the Project Appraisal Committee in its meetings held on 03.03.2011, 09.03.2011 and 16.03.2011. He made a detailed power point presentation of the projects. Based on justifications offered by the SHMs on the views expressed by various members, the decisions taken by the Committee on the State wise /project-wise proposals under NHM are as under:

57/11-EMC/KTK	<p><b>Name:</b> APMC, Yashwantpura, Bangalore</p> <p><b>Activity:</b> Modern Whole sale market for onion and potato</p> <p><b>Location:</b> Dasanpura</p> <p><b>Project Cost:</b> Rs. 10500.00 lakh</p> <p><b>Project Details:</b> The proposal was discussed by EC in its meeting held on 21.10.2009.The project was deferred. SHM has</p>		EMC considered the project and expressed that Safal market which was established with																		

	<p>revised the proposal as per the comments of this Department. The core horticulture facilities like cold storage, onion storage structure, packing and grading unit, e-tendering kiosks, quality control lab etc. have been included as infrastructure in the market.</p> <p>APMC market, Yashwantpura, Bangalore is mainly catering to onion, potato, ground nut crops. The main market is located in the heart of the city and is surrounded by industrial area. This main market is not able to efficiently handle the present quantum of arrivals of agriculture commodities due to lack of adequate space and this problem may aggravate in next 5 to 10 years as arrivals of agriculture commodities is expected to increase substantially. To overcome the above problems the APMC has taken a decision to shift the transaction of Onion and Potato and other vegetables which accounts for about 48% of the total volume of the trade at main market to adjoining Dasanapura by establishing an exclusive market to handle these commodities. This measure will ultimately lead to reduction of post harvest losses, handling time and improve overall efficiency. The APMC is already in possession of 68 acer of land at Dasanapura which is 12 Kms from existing market.</p> <p>The proposed infrastructure will be created in five blocks. Block A and B will have 15 auction platforms, shops, godowns, weigh bridge, internal roads, canteen, toilets, electrification, garbage disposal etc. Block C, D and E will house, administrative buildings, staff quarters, entry and exit gates, rain water harvest etc.</p> <p><b>Project Cost</b></p> <table border="1" data-bbox="240 1073 1127 1304"> <thead> <tr> <th>Project cost as per DPR</th> <th>Admissible Project Cost as recommended by SHM</th> <th>Subsidy</th> </tr> </thead> <tbody> <tr> <td>Development of Block A 2898.00</td> <td>Development of Block A 2598.00</td> <td></td> </tr> <tr> <td>Development of Block B 4212.00</td> <td>Development of Block B 4212.00</td> <td></td> </tr> <tr> <td>Development of Block C, D &amp; E 2890.00</td> <td>Development of Block C, D &amp; E 2690.00</td> <td></td> </tr> <tr> <td>Technical infrastructure in Block A, B, C, D, E 400.00</td> <td>Technical infrastructure in Block A, B, C, D, E 400.00</td> <td></td> </tr> <tr> <td><b>Total 10500.00</b></td> <td><b>Total 10000.00</b></td> <td><b>2500.00</b></td> </tr> </tbody> </table> <p><b>Means of Finance:</b> Bank of Baroda has given its consent to finance the project to the tune of Rs. 2500.00 lakh. While as per norms of the scheme maximum amount of ` 1000/day/person can be considered.</p> <p>A total cost of ` 42.24 for training of 640 participants @ ` 1650 per Participant per day has been proposed which will includes, Lodging, boarding, Study Material, field visit, cource fee, training infrastructure and cost of resources persons.</p>		EMC considered the proposal and recommended for seeking approval of competent authority for sanction of ` 42.24 lakh for training of 640 participants @ ` 1712/participant/ day as proposed by MANAGE.

### NHRDF

S. No.	Beneficiary Name/Activity/Project Details/Cost/Means of Finance	Eligible Subsidy	Remarks
153/11-	<b>Name:</b> NHRDF		EMC discussed

EMC/ NHRDF	<p><b>Date:</b> 23.02.2011  <b>Activity:</b> Establishment of monitoring cell at NHRDF for arrivals and prices of important fruits and vegetables under NHM  <b>Location:</b> Post Darnasangvi, Tq Niphad, Distt. (Via- Pancchavati S.O.) Nashik  <b>Project Cost:</b> ` 19.95 lakh  <b>Project details:</b>  <u><b>Establishment and Infrastructure Cost:</b></u>  (One Time)  Facilities of modern information technology 10.00  At NHRDF (18 nos) including  Software and Hardware requirement for  Data processing and storage  <u><b>Operational cost of the project (Annually):</b></u>  1. Manpower for data collection on daily basis 6.00  2. Internet and telephone useags 2.00  3. Maintanace of establishment &amp; infrastructure 1.00  <b>Service Charge @ 5%</b> <b>0.95</b>  <b>A+B+C</b> <b>19.95</b></p>	<p>the proposal in detail.  Representative of DMI informed that market related information for all horticulture crops is being collected through a scheme under DMI for the last ten years. The data for all the crops in 534 markets across the country is available on the net. This was followed by a live demonstration through Internet on market price and arrivals etc. of banana crop in Delhi market. Committee desired that DMI can consider publishing of quarterly bulletins for NHM.  EMC decided that NHRDF after consultations will revise the proposal, clearly indicating the activities to be undertaken other than already being done by DMI.</p>
---------------	--	--

During the course of the deliberations, the following general decisions were also taken by the Empowered Committee.

- i. NHM will constitute a committee for empanelment of agencies for adoption, certification of organic farming, GAP, input supply agencies for planting material, poly houses and other input related projects.

The Committee will be constituted with members from the states of Andhra Pradesh, Chhattishgarh, Uttar Pradesh, Rajasthan, Gujarat, Madhya Pradesh, Maharashtra, APEDA, NCOF and member secretary of the committee will be from DAC.

- ii. States should come up with Terminal Market Complexes (TMC) projects in Public Private Partnership (PPP) mode for linking the production centres with the consumers.

- iii. States will make provision in the action plan for 2011-12 for subsidy sanctioned under project mode during current year.
- iv. Private investment in the sector should be encouraged and all projects should not be concentrated in public sector only.
- v. All SHMs will ensure that the projects are appraised at State Level with due diligence and subsidy is worked out which is commensurate with promoter's share and in no case subsidy should exceed the term loan sanctioned by the lending bank.
- vi. All SHMs will ensure that projects relating to post harvest management, processing, marketing and development of other infrastructure facilities should have clear cut backward linkages to provide assured market to the producers. These details should be part of the project report.
- vii. The proposals should be submitted to the EMC of NHM only after approval of State Level Committee. This should be clearly indicated that the projects of cold storages/CA/MA Storages are as per technical standards circulated by this Department.
- viii. In case of projects in public sector, following procedures need to be observed strictly:
  - a) the economic viability of the unit should be worked out in order to ensure that it is self sustaining,
  - b) recurring expenditure, if any, has to be borne by the implementing institution,
  - c) The institute and SHM will submit certificate stating that required technical manpower is available for operating the unit on commercial lines.
- ix. All SHMs will regularly update the website giving details of expenditure and physical progress of projects sanctioned under NHM.
- x. For credit linked projects, especially post harvest, cold storage, processing etc. subsidy will be released in two installments after verification regarding confirmation of technical standards issued by this Department in case of cold storage projects. First installment will be released by SHM after verifying the location and authenticity of entrepreneur and second installment will be released after submission of satisfactory progress report by Joint Inspection Team comprising of members from lending bank, SHM and District administration.
- xi. SHMs will attach with every proposal the following documents without which the proposal will be treated as incomplete:
  - a. Techno-economic feasibility report.
  - b. Copy of bank sanction letter and appraisal note.
  - c. In case of cold storage, CA and MA storage projects – Data sheet, Certificate from Engineer, Architect regarding adoption of technical standards and protocol as per GOI guidelines,

The Chairman reiterated the need for proper utilization of funds released for various projects on time and submission of progress reports and utilization certificates to facilitate proper monitoring so as to achieve desired objectives and goals of the Mission.

The meeting ended with a vote of thanks to and from the Chair.
